On February 4, 2022, the Board of Directors of our entity unanimously approved the creation of the figure #Referents and proposed such recognition to **David Clutterbuck**, **Julio Olalla** and **Carlos Herreros de las Cuevas** for their contributions to the practice of mentoring, coaching and supervision, be it in Spain or in the world throughout their extensive career. All three symbolize excellent knowledge in the field of coaching and mentoring; they are the compass that guides our professional practice: their trajectory inspires us. Their actions and reflections shed light on the

Every society, every practice community, every profession needs to count with Referents. These represents the historical and cultural context that serve as a basis to develop an excellent practice. Coaching, mentoring and supervision cannot move forward without Referents.

That's why, from EMCC Spain we want to give visibility and value to such important figure, who on the other hand is an essential part of the role of mentor.

Therefore, we invite you to take part and participate to the virtual event “A dialogue with our #Referentes” on June 1st 2022 at 18h30 (CEST).

During this 1h30 event, the 3 #Referentes EMCC Spain: David Clutterbuck, Julio Olalla y Carlos Herreros will sustain a dialogue between themselves and with the public about current themes in coaching, mentoring and supervision, as well as questions that keep raising along our professional journey.

In order to make the most of this opportunity and of the dialogue with our referents, we want delegates to be an active part of the event and call them to send us their questions or topics for [discussion](#) with the three speakers by **May 25, 2022** via email to the VP of EMCC SPAIN marialuisa.demiguel@emccspain.org. From those sent, we will select some topics and questions for the debate between the speakers before opening the floor for more from the delegates.
